Bank of us.

Well, guess what?

You've come to the right place.

We do everyday banking and more. Whether it's your 'go to' account or you're saving up for something special or saving just because... We've got you covered! And what's even better, there's no bank-speak here. Life's hard enough these days, without having to go back to school just so you can compare bank accounts.

So what's good about a Bank of us bank account?

Let me lay it out for you.

It doesn't get much easier than choosing from two accounts.

It's your 'Go to' or your 'Save up' – take your pick.

So what'll it be? Here's a little quiz to help you decide...

Do you self-manage your super?

Well, we know that a lot of people do, so we've come up with the perfect super account. In fact, we think it's pretty super-duper. You can think of it as your SMSF cash hub. Sounds great, huh? What makes it great? You get a competitive interest rate, plus it makes your super fund accounting, tax returns and end of year auditing so much easier.

Are you looking for something a bit more?

You know, like a term deposit or investment? Well, we do those too. If you have more than \$5,000 to lock away, talk to us. We can help you out with a number of different terms and great interest rates.

Have you got the travel bug and heading overseas?

Then we can help you go global with your cash. Whether you need some cash for a coffee when you land on foreign soil or want the safety and security of a not-just-one but multi-currency CashPassport – then we're the peeps to see!
