

Wilson *Pays*

Wilson Pays gives you the ultimate in financial freedom, with a loan that lets you get started on building the home of your dreams while Wilson Homes pays the interest up to maximum of \$12,000 during construction.

Save on interest while you build your new home.

Watch your dream home come to life and Wilson Homes will help cover the interest on your building loan while you build.

How does it work?

Once your home loan is approved, the first step is to settle on the land purchase or refinance other property, whichever is applicable.

- Your loan for the construction component will operate on an interest only basis until the build is complete.
- Through Wilson Pays, Wilson Homes will pay the interest on the construction loan until the build is complete, then you'll need to make principal & interest payments.
